As we grow in numbers, we remain committed to the new Ted and Jean Scripps Marine Conservation and Geisel Library, as well as at Birch Aquarium and to live, learn and play, we are providing a superior experience for all our students.

UC San Diego’s iconic landmarks define our campus. UC San Diego now enrolls more than 42,000 students and is on a trajectory to become the largest residential campus in the United States by 2028. As we grow in numbers, we remain committed to helping our students thrive. Through our expanding residential college system of new, vibrant communities incorporating below-market-rate undergraduate housing and nearby amenities, additional graduate housing, episodic and dynamic new spaces in which to live, learn and play, we are providing a superior experience for all our students.

Renovation efforts not only preserve UC San Diego’s physical history, but also create a sustainable environment that will benefit our community for many years to come. As of July 2021, UC San Diego has completed 48 LEED-certified buildings and renovations on campus, and LEED guidelines will be met by future building and renovation projects at Scripps Institution of Oceanography.

The state-of-the-art Alex G. Spanos Athletic Performance Center provides immersive athletic experience for scholar-athletes, including strength, conditioning, training and rehabilitation spaces that ensure our championship teams are prepared for Division I competition. Meanwhile, recent innovations and upgrades to RIMAC Arena ensure a first-class fan experience for all.

From the famed San Diego Collection to Artpower (an annual program offering diverse global music, dance and special events to our relationship with the La Jolla Playhouse, where graduate students hone their skills in professional productions, there are many ways to enjoy art at UC San Diego. And with the Theatre District Living and Learning Neighborhood under construction, the new Epstein Family Amphitheater coming in fall 2022, the Jeannie in the North Torrey Pines Living and Learning Neighborhood already available, we are opening even more doors to the arts and culture for our entire community.

UC San Diego has always embraced a culture of interdisciplinary exploration and experiential learning — we spark novel concepts with the potential to transform our world.
Continue the nontradition

UC San Diego has been shaped by exceptional scholars who aren’t afraid to challenge expectations and redefine conventional wisdom.

And today, UC San Diego’s physical, cultural and intellectual transformation bolsters our efforts to become a destination for students, patients and our community.

This transformation is fueled by the Campaign for UC San Diego—our university-wide comprehensive fundraising effort concluding June 30, 2022—through which we are enhancing student support, ensuring student success, transforming our campus, connecting our community, and redefining medicine and health care on a global scale. Together with our philanthropic partners, we will continue our nontraditional path toward revolutionary ideas, unexpected answers, breathtaking discoveries and planet-changing impact.

JACOBS MEDICAL CENTER AT UC SAN DIEGO HEALTH 2016

An UC San Diego Health flagship facility on our La Jolla medical campus, Jacobs Medical Center combines internal medicine, surgical, specialty and high acuity beds in a state-of-the-art hospital building in a cutting-edge clinical care environment.

LA JOLLA FAMILY HOUSE 2020

La Jolla Family House, located just steps from our La Jolla medical campus, offers welcoming homes away from home for families of patients receiving care at UC San Diego Health. Families have access to a supportive retreat with affordable and comfortable family and apartment-style housing, laundry facilities, kitchens and community spaces where they can connect with other guests facing similar challenges.

MESA NUEVA 2018

NUEVO WEST AND NUEVO EAST HOUSING 2020

Mesa Nueva, Nuevo West and Nuevo East are part of the HonorsGraduate and Professional Student Housing development, which provides more than 2,400 graduate student beds, more than 1,500 faculty offices, and amenities that foster community and advance our goal of guaranteed on-campus housing for all students.

THE TRANSFORMATION OF UC SAN DIEGO

GILMAN BRIDGE 2019

The Gilman Bridge connects UC San Diego’s north and south campuses. With the opening of the bridge, UC San Diego Health’s Hillcrest Campus remains the region’s only academic medical center and our Outpatient Pavilion will bring expanded services to patients, students and visitors to campus.

UC SAN DIEGO BLUE LINE 2021

With two stops on campus, the new trolley extension connects our university to downtown,增强了犹他州圣迭戈和圣地亚哥的联系，while supporting the university’s goal of improving the visitor experience for theatre patrons.

UC SAN DIEGO PARK & MARKET 2022

Located downtown on a half-block site at UC San Diego Blue Line trolley stop, UC San Diego Park & Market is designed with a transforming innovative medical care for more than 50 years. The new Outpatient Pavilion will bring expanded services to the region, increase our capacity to serve every member of our community, and provide an extraordinary experience for medical education, ensuring all San Diegans have access to world-class care.

UC SAN DIEGO MEDICAL CENTER – HILLCREST, OUTPATIENT PAVILION 2025

UC San Diego Medical Center—Hillcrest has been home to transformative innovations in medical care for more than 50 years. The new Outpatient Pavilion will bring expanded services to the region, increase our capacity to serve every member of our community, and provide an extraordinary experience for medical education, ensuring all San Diegans have access to world-class care.
NORTH TORREY PINES LIVING AND LEARNING NEIGHBORHOOD 2020
North Torrey Pines Living and Learning Neighborhood is a vibrant mixed-use community of residential, academic and administrative space—including new homes for Sixth College, the Division of Arts and Humanities, and the Division of Social Sciences—as well as restaurants, a market, the new Craft Center, and The Jeannie: a 600-seat auditorium and home to the latest addition to the Stuart Collection, Alexis Smith’s “Same Old Paradise.”

THEATRE DISTRICT LIVING AND LEARNING NEIGHBORHOOD 2023
The Theatre District Living and Learning Neighborhood will be adjacent to UC San Diego’s Joan and Irwin Jacobs Theatre District. Providing undergraduate housing for 2,000 students, the neighborhood is designed to bring additional enhancements to campus, including open space, more restaurants and retail options, and outdoor gathering areas, while supporting the university’s goal of improving the visitor experience for theatre patrons.

FRANKLIN ANTONIO HALL 2022
Merging interdisciplinary research, active learning and commercialization of discoveries, Franklin Antonio Hall will be a major new engineering building dedicated to our digital future. Research “collaboratories” empower teams to develop solutions to the world’s most pressing societal challenges—from renewable energy to digital security—while additional workshop, mentoring, studio and incubation spaces allow students to participate in intellectual exchange with faculty and industry leaders.

DESIGN AND INNOVATION BUILDING 2021
Situated adjacent to the new UC San Diego Blue Line trolley stop, the Design and Innovation Building offers visitors a glimpse at UC San Diego’s proprietary products, creative explorations, while taking advantage from the region with opportunities to incubate new concepts and accelerate new ideas. With a suite of resources for creators, the Design and Innovation Building provides a dynamic ecosystem for developing new solutions.

TED AND JEAN SCRIPPS MARINE CONSERVATION AND TECHNOLOGY FACILITY 2022
The new Ted and Jean Scripps Marine Conservation and Technology Facility will unite experts in conservation management and technology solutions in a state-of-the-art structure at Scripps Institution of Oceanography. This highly visible and accessible building will encourage robust community participation through student seminars and public outreach and empower collaborations that yield innovative discoveries.

EPSTEIN FAMILY AMPHITHEATER TBD
The planned Triton Pavilion, adjacent to the Pepper Canyon mobility hub, will transform our university center into a vibrant crossroads at the heart of campus. Triton Pavilion will welcome our community with something for everyone: a new home for alumni, a museum-quality exhibit detailing our campus’s unique history, a new location for Global Education, Teaching + Learning Commons and Transfer Student Services resource support, health and wellness services, artists’ studios, retail and event spaces, and an inclusive campus experience where people and ideas intersect.
