At UC San Diego, our students are anything but ordinary. And we are committed to ensuring the next generation of changemakers has access to an education that will empower them to transform our world. Our Student Support and Success efforts are a critical campaign priority, and ongoing support for a broad range of scholarships and fellowships ensure that we continue to attract and retain a student community that is talented, ambitious, curious, inclusive and reflective of California’s diversity.

Your support can make a bigger difference now thanks to several complementary challenge matches that will increase the impact of gifts to support scholarships and fellowships.

The Chancellor’s Scholarship and Fellowship Challenge, announced in February 2021 by Chancellor Pradeep K. Khosla, provides a $1 match per $2 of gift for eligible gifts to undergraduate scholarships, graduate fellowships, and health-related professional school scholarships through the close of the Campaign for UC San Diego on June 30, 2022.

And gifts to Chancellor’s Associates may also take advantage of additional matching funds, thanks to the Karen and Jeff Silberman Chancellor’s Associates Inspiration Challenge II and the Timmons/Sandstrom Chancellor’s Associates Endowment Challenge.

Help us continue the nontradition.

At the University of California San Diego, challenging convention is our most cherished tradition. Your support of scholarships and fellowships also supports the Campaign for UC San Diego — our university-wide comprehensive fundraising effort concluding June 30, 2022. Together, we are enhancing student support, ensuring student success, transforming our campus, connecting our community, and redefining medicine and health care on a global scale.

The permanent and sustained nature of endowed gifts makes them uniquely impactful by benefiting students now and creating a stable foundation for planning and future growth. An endowed fund is created with a gift for the purpose of generating a permanent source of payout annually. The gift principal is invested to grow in perpetuity, and the payout is a calculation designed to preserve the purchasing power of the payout and provide predictable annual allocations to beneficiaries.

Outright gifts or pledges made over five years or less to establish new endowed named undergraduate scholarships, graduate fellowships, and health-related scholarships are eligible for the Chancellor’s Scholarship and Fellowship Challenge. Gifts or pledges made to already existing and fully funded endowments are also eligible for the Chancellor’s Scholarship and Fellowship Challenge.

Minimum gift amounts for new endowments are outlined below:

**NAMED UNDERGRADUATE ENDOWED SCHOLARSHIPS**
- Any campus division
- Herbert Wertheim School of Public Health and Human Longevity Science

\[ \$50K \text{ MINIMUM GIFT} + \$25K \text{ MATCH} = \$75K \text{ TOTAL ENDOWMENT} \]

**NAMED GRADUATE ENDOWED FELLOWSHIP OR GRADUATE ENDOWED SCHOLARSHIP**
- Any campus division
- UC San Diego School of Medicine
- Skaggs School of Pharmacy and Pharmaceutical Sciences
- Herbert Wertheim School of Public Health and Human Longevity Science

\[ \$250K \text{ MINIMUM GIFT} + \$125K \text{ MATCH} = \$375K \text{ TOTAL ENDOWMENT} \]

**CURRENT USE AND ANNUAL GIFTS**
Current use gifts offer expendable, immediate resources for our academic leaders as they structure financial support packages for promising undergraduate and graduate student applicants. Annual gifts made at regular intervals are also a critical part of our efforts to support our students — and when combined with the gifts of other annual donors, these contributions can make an even larger impact.

All new current use outright gifts or pledges of $10,000 or more to any of the funds listed below are eligible for the match:
- UC San Diego Undergraduate Scholarships (2222)
- UC San Diego Graduate Fellowships (1538)
- UC San Diego School of Medicine Scholarships (7062)
- Herbert Wertheim School of Public Health and Human Longevity Science Scholarships (7061)
- Skaggs School of Pharmacy and Pharmaceutical Sciences Scholarships (4417)
KAREN AND JEFF SILBERMAN CHANCELLOR’S ASSOCIATES INSPIRATION CHALLENGE II

After the success of the Karen and Jeff Silberman Chancellor’s Associates Inspiration Challenge in 2017, Karen and Jeff established a second inspiration challenge to spur additional support for UC San Diego’s incredible students as they embark on their higher education journeys.

Together with the Chancellor’s Scholarship and Fellowship Challenge, eligible current use gifts to Chancellor’s Associates Scholarships (6543) will receive a special 1:1 match, up to $667,000. New gifts of $10,000 or more (including pledges paid over no more than four years) are eligible for a named Chancellor’s Associates Scholarship.

TIMMONS/SANDSTROM CHANCELLOR’S ASSOCIATES ENDOWMENT CHALLENGE

Established by Sandra Timmons ’81 and Richard Sandstrom ’72, PhD ’78, the Chancellor’s Associates Endowment Challenge provides up to $1 million in additional matching, designed to expand endowed support to sustain 800 Chancellor’s Associates Scholars on campus in perpetuity.

Endowed gifts to create new named Chancellor’s Associates Scholarships are eligible for the Chancellor’s Associates Endowment Challenge — a special match of $1 per $4 of gift up to $1,000,000 that, together with the Chancellor’s Scholarship Challenge Match, will create endowment gifts of $125,000 or $250,000 as outlined below:

**$201,000**

**$125,500**

**$67,000**

**$134,000**

**$50,000**

**$251,000**

---

Established by Chancellor Pradeep K. Khosla in 2013, our Chancellor’s Associates Scholars Program was designed to increase access to higher education for underserved students who are often the first in their families to attend college. These scholarships offer four-year $10,000/year scholarships to low-income first-year enrollees graduating from underserved high schools across our region or two-year $10,000/year scholarships to eligible transfer students from select San Diego and Imperial Valley community colleges, as well as registered members of federally recognized tribes in California.

Chancellor Khosla’s dedication to increasing access to higher education inspired some of our campus’ strongest advocates to launch a pair of challenge matches designed to encourage our community to support our scholarship efforts and exponentially expand funding for our Chancellors Associates Scholars.
