As we grow in numbers, we remain committed to the new Ted and Jean Scripps Marine Conservation and Sciences Library, as well as at Birch Aquarium and UC San Diego’s iconic landmarks define our campus. UC San Diego now enrolls more than 42,000 students and is on a trajectory to become the largest residential campus in the United States by 2028. As we grow in numbers, we remain committed to helping our students thrive. Through our expanding residential college system of new, streetside communities incorporating below-market-rate undergraduate housing and nearby amenities, additional graduate housing, epicurean and dynamic new spaces in which to live, learn and play, we are providing a superior experience for all our students.

CAMPUS SUSTAINABILITY
UC San Diego’s iconic landmarks define our campus. Renovation efforts not only preserve UC San Diego’s physical history, but also create a sustainable environment that will benefit our community for many years to come. As of July 2021, UC San Diego has completed 48 LEED-certified buildings and renovations on campus, and LEED guidelines will be met by future building and renovation projects at the Geisel Library, as well as at Birch Aquarium and the new Ted and Joan Scripps Marine Conservation and Technology Facility, both at Scripps Institution of Oceanography.

As of July 2021, UC San Diego has completed 48 LEED-certified buildings and renovations on campus, and LEED guidelines will be met by future building and renovation projects at the Geisel Library, as well as at Birch Aquarium and the new Ted and Joan Scripps Marine Conservation and Technology Facility, both at Scripps Institution of Oceanography.

STUDENT GROWTH
UC San Diego now enrolls more than 42,000 students and is on a trajectory to become the largest residential campus in the United States by 2028. As we grow in numbers, we remain committed to helping our students thrive. Through our expanding residential college system of new, streetside communities incorporating below-market-rate undergraduate housing and nearby amenities, additional graduate housing, epicurean and dynamic new spaces in which to live, learn and play, we are providing a superior experience for all our students.

SPACES FOR COLLABORATION
UC San Diego has always embraced a culture of interdisciplinary exploration and experimentation. And as our campus continues to evolve, it is the groundbreaking discoveries. By creating dynamic spaces for people to live, learn and collaborate — spaces like Tata Hall for the Sciences, which brings together great minds from across divisions; Altman Clinical and Translational Research Institute, which unites research and clinical science to advance care; and the Design and Innovation Building, which provides vibrant spaces for incubation, entrepreneurship and experiential learning — we spark novel concepts with the potential to transform our world.

ARTS AND CULTURE
UC San Diego has always embraced a culture of interdisciplinary exploration and experimentation. And as our campus continues to evolve, it is the groundbreaking discoveries. By creating dynamic spaces for people to live, learn and collaborate — spaces like Tata Hall for the Sciences, which brings together great minds from across divisions; Altman Clinical and Translational Research Institute, which unites research and clinical science to advance care; and the Design and Innovation Building, which provides vibrant spaces for incubation, entrepreneurship and experiential learning — we spark novel concepts with the potential to transform our world.

TRANSPORTATION AND PARKING
Two UC San Diego Blue Line trolley stations on campus increase connectivity, welcoming our local community to campus for exciting cultural, entertainment and artistic events. Pedestrian and bike-friendly pathways will link campus neighborhoods and improve mobility between living and learning spaces and public transportation; and new parking structures — as well as stalls embedded in residential and academic construction projects — will provide more than 3,000 parking spots with real-time occupancy sensors and parking guidance, supporting enhanced community engagement and so accommodating the growing number of students on campus.

DOWNTOWN SAN DIEGO
From the famed La Jolla Playhouse to our annual program offering diverse global music, dance and special events in our relationship with the La Jolla Playhouse, where graduate students hone their skills in professional productions, there are many ways to stay at UC San Diego. And with the Theatre District Living and Learning Neighborhood under construction, the new Epstein Family Amphitheater opening in Fall 2022, the Jameson in the North Torrey Pines Living and Learning Neighborhood already available, we are opening even more doors to the arts and culture for our entire community.

WORLD-CLASS HEALTH CARE
UC San Diego has long been known as a place where discoveries are made. Today, the expansion of our La Jolla and Hillcrest medical campuses grows our reputation as the place where discoveries are delivered. Our internationally recognized School of Medicine, Skaggs School of Pharmacy and Pharmaceutical Sciences, and the recently established Herbert Wertheim School of Public Health and Human Longevity Science, as well as new and revitalized clinical and research facilities, ensure our patients receive the very best care — and in the process, are helping us create a global destination for leading-edge treatments.
nontraditional ideas, unexpected answers, philanthropic partners, we will continue on a global scale. Through our 2022—through which we are enhancing fundraising effort concluding June 30, this transformation is fueled by the destination for students, patients bolsters our efforts to become a cultural and intellectual transformation. And today, UC San Diego's physical, exceptional scholars who aren't

UC San Diego has been shaped by exceptional scholars who aren't afraid to challenge expectations and redefine conventional wisdom. And today, UC San Diego's physical, cultural and intellectual transformation bolsters our efforts to become a destination for students, patients and our community. This transformation is funded by the Campaign for UC San Diego—our university-wide comprehensive fundraising effort concluding June 30, 2022—which we are enhancing student support, ensuring student success, transforming our campus, connecting our community, and redefining medicine and health care on a global scale. Together with our philanthropic partners, we will continue our nontraditional path toward revolutionary ideas, unexpected answers, breathtaking discoveries and planet-changing impact.

Continue the nontradition

UC San Diego continues to expand its reach and impact through innovative programs and initiatives that redefine conventional wisdom. We are building a campus where students, faculty, and staff challenge expectations and reframe the possibilities of what is possible. By embracing nontraditional thinking, we are reimagining the future of education, research, and discovery.

JACOBS MEDICAL CENTER AT UC SAN DIEGO HEALTH 2016

An UC San Diego Health flagship facility on our La Jolla campus, La Jolla Medical Center combines interventional physician-scientists, precision medicine, clinical trials and creative arts to provide an unparalleled healing experience for patients at our specialty positions for women and infants, advanced surgery, and cancer care.

LA JOLLA FAMILY HOUSE 2020

La Jolla Family House, located just steps from our La Jolla medical campus, offers a welcoming home away from home for families of patients receiving care at UC San Diego Health. Families have access to a supportive retreat with affordable and comfortable full- and apartment-style housing, laundry facilities, kitchens and community spaces where they can connect with other guests facing similar challenges.

MESA NUEVA 2018

NUEVO WEST AND NUEVO EAST HOUSING 2020

Mesa Nueva, Nuevo West and Nuevo East are part of the Mona Graduate and Professional Student Housing development, which provides more than 2,400 graduate student beds, including 1,300 publishing spaces, and amenities that foster community and advance our goal of guaranteed on-campus housing for all students.

GILMAN BRIDGE 2019

An UC San Diego continues to create a more welcoming and interconnected campus, the new Gilman Bridge spanning Interstate 5 not only connects east and west campus, but also advances our efforts to ease street traffic and parking demands and improves our quality. And new Illuminated “University of California San Diego” signage serves as a welcoming beacon to patrons, students and visitors to campus.

UC SAN DIEGO BLUE LINE 2021

With two stops on campus, the new trolley extension connects our university to downtown, neighborhoods throughout San Diego, and Mexico. The UC San Diego Blue Line transforms how our campus interacts with our community, uniting the region with all that we have to offer.

UC SAN DIEGO PARK & MARKET 2022

Located downtown on a fall block site at UC San Diego Blue Line trolley stop, UC San Diego Park & Market is a purposeful mix of public, meeting, arts and educational spaces for civic engagement, learning, collaboration and cultural experiences for all ages and walks of life.

UC SAN DIEGO MEDICAL CENTER – HILLCREST, OUTPATIENT PAVILION 2025

UC San Diego Medical Center – Hillcrest has been home to transformative innovations in medical care for more than 5 years. The new Outpatient Pavilion will bring expanded services to the region, increase our capacity to serve every member of our community, and provide an intimate connection for medical education, ensuring all San Diegans have access to world-class care.

ucsd.edu
Destination UC San Diego

North Torrey Pines Living and Learning Neighborhood 2020
North Torrey Pines Living and Learning Neighborhood is a vibrant mixed-use community of residential, academic and administrative space — including new homes for Sixth College, the Division of Arts and Humanities, and the Division of Social Sciences — as well as restaurants, a market, the new Craft Center, and The Jeannie: a 600-seat auditorium and home to the latest addition to the Stuart Collection, Alexis Smith’s “Same Old Paradise.”

THEATRE DISTRICT LIVING AND LEARNING NEIGHBORHOOD 2023
The Theatre District Living and Learning Neighborhood will be adjacent to UC San Diego’s Joan and Irwin Jacobs Theatre District. Providing undergraduate housing for 2,000 students, the neighborhood is designed to bring additional enhancements to campus, including open space, more restaurants and retail options, and outdoor gathering areas, while supporting the university’s goal of improving the visitor experience for theatre patrons.

FRANKLIN ANTONIO HALL 2022
Merging interdisciplinary research, active learning and commercialization of discoveries, Franklin Antonio Hall will be a major new engineering building dedicated to our digital future. Research “collaboratories” empower teams to develop solutions to the world’s most pressing societal challenges — from renewable energy to digital security — while additional workshop, mentoring, studio and incubation spaces allow students to participate in intellectual exchange with faculty and industry leaders.

THEATRE DISTRICT LIVING AND LEARNING NEIGHBORHOOD 2023
The Theatre District Living and Learning Neighborhood will be adjacent to UC San Diego’s Joan and Irwin Jacobs Theatre District. Providing undergraduate housing for 2,000 students, the neighborhood is designed to bring additional enhancements to campus, including open space, more restaurants and retail options, and outdoor gathering areas, while supporting the university’s goal of improving the visitor experience for theatre patrons.

TRITON PAVILION TBD
The planned Triton Pavilion, adjacent to the Pepper Canyon mobility hub, will transform our university center into a vibrant crossroads at the heart of campus. Triton Pavilion will welcome our community with something for everyone: a new home for alumni, a museum-quality exhibit detailing our campus’s unique history, a new location for Global Education, Teaching + Learning Commons and Transfer Student Services resource support, health and wellness services, artists’ studios, retail and event spaces, and an inclusive campus experience where people and ideas intersect.

TED AND JEAN SCRIPPS MARINE CONSERVATION AND TECHNOLOGY FACILITY 2022
The new Ted and Jean Scripps Marine Conservation and Technology Facility will unite experts in conservation management and technology solutions in a state-of-the-art structure at Scripps Institution of Oceanography. This highly visible and accessible building will encourage robust community participation through student seminars and public outreach and empower collaborations that yield innovative discoveries.

EPSTEIN FAMILY AMPHITHEATER 2022
Located in the heart of the Pepper Canyon neighborhood, this open-air amphitheater with seating for 3,150 patrons is the final piece of a wide range of significant improvements to the area, including landscaping of open spaces, facility enhancements for three existing visual arts buildings, a Stuart Collection art installation, and the construction of Rupertus Walk, which will connect the university to a stop on the UC San Diego Blue Line trolley extension.

Design and Innovation Building 2021
Situated adjacent to the new UC San Diego Blue Line trolley stop, the Design and Innovation Building offers visitors a glimpse at UC San Diego’s propensity for productive, creative exploration, while catalyzing dialogues from across the region with opportunities to incubate new concepts and accelerate novel ideas. With a suite of resources for creators, the Design and Innovation Building provides a dynamic ecosystem for developing new solutions.

Destination UC San Diego
There’s more to the University of California San Diego than meets the eye. Look a little deeper, and you’ll see one of the nation’s best public universities where exceptional scholars challenge expectations and redefine conventional wisdom every day.

We are continuing our historic intellectual, physical and cultural transformation—one that reinforces our reputation as a top-10 public university (U.S. News & World Report) and one of the nation’s leading institutions for contributions to social mobility, research and public service (Washington Monthly).

We are building a campus where students live, learn and play in a supportive environment; scholars develop solutions through interdisciplinary partnerships possible only here; alumni come home to connect, network and mentor; and the community gathers to explore and enjoy all our campus has to offer.

We invite you to experience our transformation for yourself. See how more than 60 years of nontraditional thinking have shaped UC San Diego into one of the world’s premier destinations for learning and success, arts and culture, world-class health care, entrepreneurship and innovative research.
